

**Consultations** - The doctors in this practice take appointments. These can be made by telephone, in person with the receptionist or online:  
[www.diggersrestmedical.com.au](http://www.diggersrestmedical.com.au) / HealthEngine.

If you have a medical emergency, please alert the staff who will arrange for a doctor to see you promptly. Otherwise, our consultations are generally 10 minutes, but if you have several problems, a special medical report, pre-employment or insurance examination or a procedure, please assist by speaking to reception to make an extended appointment or book accordingly on Health Engine. If you do not have an appointment, you will understand if you have to wait a substantial time to see the doctor.

People with appointments will be seen first.

**Referrals** - The doctor may refer you to a specialist or to have tests done. Please be advised that you may incur "out of pocket" expenses. Enquire with the appropriate specialist, etc. when making your appointment or having tests done.  
Due to legislation, you must be assessed before seeing a specialist – therefore an appointment needs to be made.

### **Allied Health**

Please speak to your doctor or enquire with reception regarding appointments, costs and so on.

**Onsite Pathology** – St Vincents Pathology. For your convenience all blood tests and other forms of pathology can be collected Monday to Friday, 8.00 am to 12.00 noon.

**Smoking** – for your own health and that of others, smoking is not permitted either in the clinic or within the surgery boundaries.

**Disability** – we have ample access to the surgery

**Holidays** – in a sense we all have four lives to lead (work, family, social and personal). We follow our own advice to achieve a balance between the demands placed on us.

Whenever a particular doctor is unavailable another will maintain the continuity of care.

**Health Information** – access to private information collected is subject to State & Federal privacy legislation. All data is used strictly as per our privacy policy, which is available by request.

Please ask your doctor for further information.

“Your medical record is a Confidential Document”.

It is the policy of this practice to maintain security of personal health information at all times and to ensure that this information is only available to authorized members of staff.

It is the role of this clinic to provide a caring environment that is safe, welcoming and peaceful for all patients. We respect the rights of individuals, and will attempt at all times to treat patients promptly, courteously, and respectful of individual patient needs. We request that patient in turn, treat staff and other patient with respect, refraining from shouting, swearing or engaging in other inappropriate behaviour which may cause harm or distress to themselves or others.

**Patient's Rights** – You have the right to make informed decisions about your healthcare. You have the right to seek a second opinion from another doctor. Your doctor must fully explain your medical issue and treatment options so that when you make a treatment decision, you can give your 'informed consent'.

**Prescriptions** – these are available at the discretion of the doctor. We prefer for you to see your doctor to avoid error and confusion with medications.

**Test Results** – it is the policy of the practice that all patients are informed about significantly abnormal results but we do not routinely inform you about normal test results. We encourage all patients to share responsibility for their health by following up on all results. Any system can have mistakes so we strongly advise you to make arrangements to come back and see your doctor in one week, unless the doctor has asked you to return sooner.

It is essential that we have current contact details on our system, so do not forget to inform us if you have a change of address or telephone number.

**Car Parking** – we have a large dedicated parking area

**Suggestions and Complaints** – if you have any suggestions as to possible improvements to the clinic or the service, we are keen to hear from you.

There is a suggestion box located at reception. Feel free to fill out a form, any responses are treated in confidence.

Your input will help us to improve our services.

Any comments (positive or negative) or administrative complaints can be discussed with the Practice Manager.

Medical complaints can be made to the doctor or if you feel you require an external avenue, you can contact:
